

# Whiz BrainOS (ver1.9) Release Note

AUGUST 14TH, 2020

Thank you for using our AI cleaning cobot Whiz. Brain OS (ver1.9) includes updates as follows:

## RELEASE DATE - AUGUST 14TH, 2020 AND ON

### WHAT'S NEW IN VERSION 1.9

- The function for teaching a cleaning route automatically from a boundary has been added.
- Please find further details on this feature [here](#).
- New Safety notifications have been added to the UI for environments with escalators.
- The error wording for the Secondary battery, when it reaches a low battery level has been improved.
- Whilst the unit is in operation, the time allowed to swap a low battery with a fully charged one is now 3 minutes from when the low battery is removed from the unit. The unit will automatically shut down when a primary battery has not been inserted within this timeframe.
- The Whiz UI is now available in 18 new languages including: Czech, Danish, Estonian, Icelandic, Italian, Hungarian, Dutch, Norwegian, Polish, Portuguese, Finnish, Romanian, Swedish, Turkish, Greek, Russian, Arabic, Hebrew.
- Various UI display changes.
- Several bugs fixed.

# How to Update

1. Press the main power switch (I/O) to turn the Machine on (I).
2. When the Machine is connected to the Robot Operations Center (ROC), the download will start automatically. Please wait for download complete without turning the power off.  
**\*The download will take approximately one hour. However, it may take several hours depending on the internet connection.\***  
**\*The Machine can be used during the download.\***
3. Turn the power off, then reboot.  
**\*Whiz may take upto a minute longer to reboot whilst the update installs.\***
4. Check whether the software version has been updated to "1.9" by tapping the "**About**" tab on the "**Settings**" menu.
